David Hogg, the Parkland shooting survivor, has tapped openly-gay Brandon Wolf (no pun intended), a Pulse nightclub shooting survivor to be on the activist advisory board of his new pillow company. Here are some of Wolf’s past tweets, all before the 2016 shooting.

> I wasn’t tired…til a gay started wearing me down with all that BS. -__-
>
> @thedruproject @rd_shea Latin twinks. Gay kryptonite.
>
> Gay men are like a foreign language to me. Seriously.
>
> Ugly gays who think they own the world. -__-
>
> @iFrankyOcean tweets depressing things. Be a good gay and tweet something about drinking and being half naked!
>
> God, I hate Orlando. And the shady gays it contains.
>
> Gays give me anxiety.

They've all since been deleted, and I can't imagine why. Don't these just scream, "I wanna come out of the closet but my dad might find out" kinda vibe? I'm not saying that this is some creepy shit…but this is definitely some creepy shit.
